

Beginning January 1, 2015, the NYSDEC enacted a Disposal Ban, whereby consumers may no longer dispose of certain types of electronic equipment in landfills, waste-to-energy facilities, in the trash, or at curbside for trash pickup. These equipment can be recycled using one of the recycling options described below.

TWO WAYS TO RECYCLE YOUR ELECTRONIC WASTE

Option 1: Use a Manufacturer's Take-back Program Go to DEC's list of electronic equipment manufacturers registered in NYS, to find manufacturers, their brands of electronic equipment covered by the law, and their electronic waste acceptance program websites and toll-free telephone numbers. Follow the specific instructions listed on the manufacturer's website or provided over the telephone. The manufacturer is required to provide information on how to recycle your equipment, free of charge.

Option 2: Bring Your Electronic Waste to the Cortland County Recycling Center Bring your unwanted eligible electronic devices to the Cortland County Recycling Center at 137 S. Pendleton Street in the City of Cortland. Cortland County currently offers e-waste recycling at no charge.

SHOULD YOU HAVE QUESTIONS on what electronic devices are eligible under the Cortland County E-Waste Recycling Program, Contact:
