ARTICLE I The purpose of this Local Law is to comply with the provisions of Section 119-r of the General Municipal Law authorizing the County to enter into agreements with private bus companies for the performance of certain transportation operations and to apply for State Transit Operating Assistance funds to provide transportation services to the public levels and at an adequate reasonable cost.

ARTICLE II Insofar as the provisions of this local law are inconsistent with the provisions of any other local law or act the provisions of this local law shall be controlling.

Section III This local law shall take effect on and after September 24, 1983 subject to a permissive referendum as provided in Section 24 of the Municipal Home Rule Law of the State of New York.

Section IV The County of Cortland is authorized to apply for State Transit Operating Assistance funds under Section 18-b of the Transportation Law and Section 182-a of the Laws of 1981.

The County of Cortland shall hereby have the power to authorize:

(a) The acquisition, construction, reconstruction, improvement, equipment, maintenance or operation of one or more mass transportation projects.

(b) The making of a contract or contracts for the acquisition by purchase of all or any part of the property, plant and equipment of an existing mass transportation facility actually used and useful for the convenience of the public.

(c) The making of a contract or contracts with any person, firm or corporation, including a public authority, for the equipment, maintenance or operation of a mass transportation facility, owned, acquired, constructed, reconstructed or improved by it.

(d) The making of a contract or contracts for a fair and reasonable consideration for mass transportation services to be rendered to the public by a privately-owned or operated mass transportation facility. Such power shall include but not be limited to the power to appropriate funds for payment of such consideration, and to provide that all or part of such consideration shall be in the form of capital equipment to be furnished to and used and maintained by such privately-owned or operated mass transportation facility.

(e) The making of unconditional grants of money or property to a public authority providing mass transportation services to all or part of such municipal corporation in order to assist such public authority in meeting its capital or operating expenses, provided such money does not consist of borrowed funds and such property has not been acquired by the use of borrowed funds. Such purpose is hereby declared to be county, city, town or village purposes, respectively. The provisions of this paragraph are intended as enabling legislation only and shall not be interpreted as implying that absent their enactment a municipal corporation would lack the power to authorize any such grant; but they shall not be interpreted as an authorization to public authorities generally to accept such grants. The acceptance of any such grant by a public authority shall not operate to make such authority an agency of the municipal corporation making the grant.
